### Examination Policies and Process

The purpose of this document is to ensure that all individuals applying for registration are aware of the process and expectations of PANB. It also serves as an information forum to allow new applicants to locate exam information such as location and times it is offered, things to bring to the exam, documents that each individual needs to read above and beyond class materials, as well as where and how to locate cancellation information.

As a new registrant, you are responsible for your registration process and to ensure the accuracy of all information. All completed documents must be returned to the PANB office by the indicated date. A \$100 non-refundable deposit must accompany your registration package in order to guarantee your seat. Please pay special attention to the photo id requirement as the id you provide with your registration package will also need to be presented on the day of your examination. Individuals are also responsible to notify PANB of any change in demographic information as it is used for mailing of test scores and other important communications.

As a new registrant you will be required to sign a document stating that there are no reasons for which you feel you are unable to write the exam. This form will also state that all information submitted to PANB is authentic and that any falsified information automatically disqualifies the individual from registration and will be referred to our Conduct and Competency Committee for a disciplinary hearing. You will be required to show proof of identity prior to entering the exam room.

Prior to entering the exam room you will be required to submit a payment for the registration and examination if you have not already done so (the current fee minus the \$100 deposit). Be prepared to have your photo taken as it is required for your registration id card.

PANB is committed to ensuring a quality exam is delivered and therefore it has implemented rules for this purpose. As a new registrant you will be expected to follow them, please read them carefully. We strive to ensure all individuals writing the exam have an equal opportunity for success. PANB does acknowledge that a proper testing area must be quiet, properly heated, and lighted. Our invigilators have also read the same rules and are expected to adhere to the same standards. PANB does recognize that new applicants may write their exam in either of the official languages and therefore will provide an invigilator for each official language if required.

**D. Contributing to Academic Misconduct** - knowingly assisting someone to commit any form of academic misconduct is itself academic misconduct. This may include, but is not limited to:

*i. Offering, giving or selling material with the knowledge that these works will likely be subsequently submitted as a completed exam;*

*ii. Allowing work to be copied during an examination*

*iii. Offering, giving or selling answers to exams*

*iv. Unauthorized sharing of examination questions and/or answers.*

## **PENALTIES AND CONSEQUENCES FOR ACADEMIC MISCONDUCT**

### **Disciplinary Withdrawal (DW)**

An invigilator or the Registrar may recommend that an attendee be assigned a disciplinary withdrawal. Attendees who are assigned a disciplinary withdrawal for academic misconduct shall **have their case referred immediately to the Conduct and Competency Committee for their review and decision. All disciplinary action will be rendered at their discretion and PANB will fully support any decision rendered.**

## CODE OF CONDUCT

PANB's Code of Conduct is reflected in our Values and Ethics as well as our Professional Standard and applies to all attendees of the exam. Attendees are responsible for familiarizing themselves with this policy.

PANB will implement the misconduct policy when misconduct is suspected, and implement the consequences that are decided by the Conduct and Competency Committee if attendees are found to be guilty of misconduct.

It is imperative that all attendees abide by the code in order to maintain an environment that is conducive of a good examination environment. Invigilators of the exam have a responsibility to take action if they suspect the code has been violated. Attendees who have any concerns about academic integrity should discuss them with the invigilator or the appropriate PANB staff member if applicable. PANB recognizes the gravity of a charge of academic misconduct and is committed to handling the disposition of such charges in a respectful, timely and thoughtful manner. PANB will apply this policy in a manner that is consistent with the principles of natural justice and the rights of attendees to a timely and fair manner.

Our Values and Ethics can be found on our website under the Professional Practice Header.

## Academic Misconduct and Dishonesty

Academic misconduct includes actions that have a negative effect on the integrity of the testing environment. Academic dishonesty is any deliberate attempt to gain advantage by deceiving PANB staff members or designate who are monitoring the exam. Offences of this nature are unacceptable. If anyone suspects that an attendee has committed academic misconduct, they must immediately report their concern to one of the PANB staff members on site to ensure the appropriate course of action is taken as to maintain the integrity of our examinations.

It is expected that attendees will familiarize themselves with the actions that are defined as academic misconduct by PANB. Attendees, who are unclear about what might be considered academic misconduct, should consult the PANB Registrar. The following examples are provided for descriptive purposes and are not intended to constitute an exhaustive list. Academic dishonesty may involve an individual or a group, and includes but is not limited to the following offences:

- You are not permitted to leave the exam within the first 30 minutes, or within the last 15 minutes. If you do leave during this time for any reason, you WILL NOT be permitted to return.
- In the event of an **examination session** cancellation before or during the examination, the exam will be re-scheduled and the new date will be posted on the PANB website the following business day.
- A fire alarm normally results in immediate evacuation of the building. The invigilators, in consultation with PANB staff, are responsible for making the determination whether the exam can be re-started, or whether a make-up must be scheduled. It is the invigilator's responsibility to make an announcement at the beginning of the exam regarding procedures to be followed in the event of a fire alarm or exam disruption.
