

**The Paramedic Association
of New Brunswick**
**L'Association des paramédics
du Nouveau-Brunswick**

As you are aware, each year the Paramedic Association of NB releases a Mandatory Education Module that forms part of the Annual Re-registration process. This year we are pleased to announce that the module will form part of the education provided to members in relation to sexual abuse pursuant to the Association's obligation under sections 49(1) and (2) of the *Paramedic Act*.-Please see the information below that will explain how you access the learning.

1. Follow the following link
 - <http://www.panb.ca/files/Mandatory%20Educational%20Module%202022.pdf>
2. Please read the required material and fill in your Certificate of Completion.
3. Once you have completed the module and you have saved your certificate on your computer, you can proceed to the re-registration site: <https://spd-bdsf.gnb.ca> and log your completion of the Mandatory Education Module.

The screenshot shows a web browser window with the URL spd-bdsf.gnb.ca. The page title is "Service Provider Database" and the subtitle is "The Paramedic Association of New Brunswick". The main content area is titled "Welcome" and contains a message: "You must complete the mandatory educational module(s) prior to completing your re-registration. If the link to re-register is not present below, and you have completed the modules, please contact the association at 1-506-459-2636." Below this message is a table with registration information for Christopher Hood. The table has two columns and two rows of data. To the right of the table is a section titled "Print your dues receipts" with buttons for "Dues Receipt" for the years 2022, 2021, and 2020. A large red arrow points from the "Registration Credit Program" link to the "Registration Information" table.
