

## **PARAMEDIC ASSOCIATION OF NEW BRUNSWICK**

### **Notice of Discipline Committee Decision**

The Discipline Committee of the Paramedic Association of New Brunswick, by a decision dated March 26, 2025, found that a Member's conduct constituted professional misconduct and conduct unbecoming a member when the Member failed to complete a thorough assessment of a patient, omitted crucial information on a PCR, and repeatedly made statements to a patient regarding the wait times at the hospital and that the Member could not guarantee a bed, in a manner that could have persuaded the patient to refuse transport.

The Committee ordered that the Member:

1. be reprimanded and the reprimand shall remain in the Member's file for two (2) years;
2. pay costs in the amount of \$1,000;
3. pay a fine in the amount of \$1,000; and
4. complete a course relating to ethics or professional conduct in the paramedic profession.
